Paper Prototyping: Noek website

Make a paper prototype of a project of your choice. Start with a task analysis and draw the screens that are necessary to complete your tasks. Make pictures of the first version of your prototype.

Task analysis

- As a user I want to have an overview of the content within the website so that I know what information I can find on the website **'HOME' page**
- As a user I want to have clickable content so that I can navigate within the website to different sections **Navigation buttons/links**
- As a user I want to find information about Noek so that I can discover who she is (genre, values, origins)**'Over' page**
- As a user I want a shopping page so that I can buy/view Noek's music/merch '**Shop page**
- As a user I want a music page so that I can stream/view Noek's music '**Muziek' page**
- As a user I want to be able to go to the shop page from the music page so that I can quickly buy Noek's music.
- As a user I want to have an overview of Noek's tours and concerts so that I can see where Noek will perform
- As a user I want a contact page so that I am able to find Noek's social media and sign up for newsletters.

Pages

1. Muziek

2. Shop

3. Tour

4. Over

5. Contact

Prototype 2:

- Dropdown menu icon
- Social media rechtsboven op hoogte navigatie
